Delivery Style

We run this Finance for Non-Finance Managers Course for in-company (often called “in-house” or “on-site”) training.

This means that we deliver training exclusively to your team on a date you choose. There are many benefits to choosing an in-company style of delivery.

How In-House Training Works

When you get in touch with us about in-company training - either by phone or by requesting a quotation using the button on this page - our expert training consultants will work with you to find the best training solution for your needs.

We will create a programme that addresses the issues and goals at the top of your list, and choose a training delivery method and dates that suits you best.

Why In-Company?

- ✔ **Tailored for Your Team** - While still adhering to the course syllabus, we can take your business and any challenges you are facing into account when delivering the course. We will make the training delivery relevant to your team.
- ✔ **You Choose the Delivery Style** - We can deliver this training as an in-person, classroom style course (where we come to your location), or by live, virtual classroom training (learn more on the next page).
- ✔ **Flexibility** - In-company training gives you the ability to schedule training at a time that works best for your schedule. It removes the inconvenience of having to take someone out of their role for training at a busy time.

Virtual training enables participants to connect to live, trainer-led sessions from wherever they are located.

It's easy to connect and they will gain the benefits of a classroom style of training while enjoying the convenience of learning at home.

How Virtual Training Works

Our training consultants will make sure everyone has guidelines on how to get connected. It's an easy, user-friendly process.

Why Virtual?
