About PRINCE2® Project Management

PRINCE2® is a project management methodology practised and recognised on a worldwide scale. It's a clearly defined framework, based on a published manual, *"Managing Successful Projects with PRINCE2®" - 2017 Edition*.

The PRINCE2® method is composed of 7 themes, 7 principles, and 7 processes that equip practitioners with the knowledge to manage projects in a range of environments.

In the updated 2017 edition of the manual, there is a renewed emphasis on tailoring these themes and processes to suit the project and the organisational needs. This tailoring is now examined at Foundation level, as well as at Practitioner level.

About This Workshop

The aim of this focused, 1-day workshop is to build awareness around the key provisions of the PRINCE2® project management methodology.

It will give participants a working knowledge, so that they can consider the value of introducing the PRINCE2® methodology within their project team or working environment.

This workshop serves as a great introductory day for teams that will progress to achieve PRINCE2® Foundation and Practitioner certification.

About This Workshop: Who Attends?

We recommend this workshop for teams or groups within an organisation seeking to gain a high-level overview of the PRINCE2® project management methodology.

Senior Management

This workshop is beneficial for leaders and senior managers who want to grasp the concepts and benefits of PRINCE2®, but who may not be directly involved in the day-to-day implementation of the methodology.

Project Managers

Those who will lead PRINCE2® projects will find this practical workshop a useful pre-cursor to achieving PRINCE2® Foundation and Practitioner training and certification.

Project Teams

It's extremely beneficial for all members of a project team to attend this workshop, whether they will progress to certification or not. This gives the entire team a common understanding of the terminology and methods used.

Options for Progression

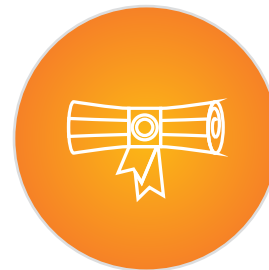

Most groups choose to progress to a more in-depth knowledge of the PRINCE2® methodology. If you would like to continue your journey with PRINCE2®, we offer 3 excellent options.

Practical PRINCE2® for Teams

This 2-day workshop is designed for teams as a progression from the PRINCE2® Project Management Awareness.

It focuses on providing your team with everything they need to apply PRINCE2® methodologies to their projects, without working towards a certification.

PRINCE2® Foundation

In addition to preparing you to sit your official exam, the aim of this course is to provide you with sufficient knowledge and understanding of the PRINCE2® methodology to be able to work effectively as part of a project management team within an environment supporting PRINCE2®.

PRINCE2® Practitioner

If you have achieved Foundation certification, PRINCE2® Practitioner training takes your understanding of the PRINCE2® framework to the next level, so that you can apply and tailor PRINCE2® to different project scenarios and environments. It also prepares you to complete the Practitioner exam on Day 5.
