Why is Risk Management Important?

Risk Management: Expect the best, plan for the worst...

Risk management is a business tool for forecasting potential risks, and then identifying ways to either prevent these issues from occurring, or minimising their impact.

When sketching out a business plan or scoping your next project, looking out for potential disaster is never high on your list of priorities. Here is why it needs to be...

Why is Risk Management Important?

Risk management is an essential part of planning for success in every business.

In order to future-proof your next business project or product, you need to correctly identify and plan contingencies for any potential risks that may occur. Risk management gives you the knowledge and tools to do this.

About This Course

Our 1-day Risk Management Training is designed to provide you with a framework to identify potential risks, and the tools you need to develop the right risk management plan for your project or business. You don't need any previous experience to attend; this course suits all levels.

Training Objectives

Following this workshop, participants will be equipped with the knowledge, skills, and confidence to:

- ✓ Understand and apply the principles of effective risk management.
- ✓ Gain a framework to identify and analyse risk, and to plan risk responses.
- ✓ Develop and deploy a common enterprise approach to managing risk.
- ✓ Use risk-based group decision making techniques in your organisation.
- ✓ Monitor and control risks throughout a project.

Why Choose our Approach? (5 Key Benefits)

✓ Practical Skills

Our goal is that you will leave this course with a good understanding of how risk management works, with skills and action plans you can begin to put in place immediately.

✓ Focused Time-Frame

We have found that shorter, more intensive courses lead to a higher retention of learning. The 1-day duration of this risk management course makes it easier to fit into your schedule.

✓ Versatility

The risk management tools you'll gain are applicable in any industry. You can apply them to projects and initiatives of many different kinds and sizes.

✓ Expert Trainers

Our trainers are project management experts, with extensive experience in both training and applying risk management techniques. You'll benefit from their advice and real-life experience during this course.

✓ Virtual Delivery Style

Virtual training enables you to connect from wherever you're based. This eliminates travel time and costs, and makes expanding your skills as cost-efficient and convenient as possible.

Live Virtual Training

Virtual training enables you to connect to live, trainer-led sessions from wherever you are.

It's easy to connect and you'll gain the benefits of a classroom style of training while enjoying the convenience of learning at home. Our virtual training dates are available for anyone to attend.

How Virtual Training Works

Once you confirm your place on one of our upcoming virtual training dates, we'll send you the information and link you need to join the training.

To connect with our live training, you'll need a steady internet connection and a device with a web-camera, speakers, & microphone. Most home internet connections work perfectly for virtual training. These days, almost all smartphones, computers, and tablets have built-in web cameras, speakers, and microphones.

Our training consultants will advise you on how to get connected. It's an easy, user-friendly process.

Why Virtual?

- ✔ **Learn from Home** - This is an ideal solution for anyone who works from home. You can connect with real-time training sessions from wherever you're currently based.
- ✔ **Delivered by Experts** - By choosing our live virtual training, you'll learn from subject matter experts. You'll also benefit from the ability to ask questions and gain advice from our trainers.
- ✔ **Group Training** - Our Risk Management Training enables you to interact virtually with your fellow trainees. Via our online platform, you'll be able to take part in group discussions and exercises without leaving home.
- ✔ **Focused Learning Environment** - One of the key advantages of an in-person classroom style training is the focused learning environment. Live, trainer-led virtual training also provides this high-impact format.

In-Company Training

We run this Risk Management Course for in-company (sometimes called “in-house” or “on-site”) bookings too.

This means that we deliver training exclusively to your team on a date you choose.

There are many benefits to choosing an in-company style of delivery.

How In-Company Training Works

When you get in touch with us about in-company training - either by phone or by requesting a quotation using the button on this page - our expert training consultants will work with you to find the best training solution for your needs.

We will create a programme that addresses the issues and goals at the top of your list, and choose a training delivery method and dates that suits you best.

Why In-Company?

- ✔ **Interactive Learning** - Our workshop incorporates a highly active style of training, with facilitated discussion and exercises. This high level of engagement solidifies the skills gained.
- ✔ **Tailored for Your Team** - As we will be delivering this training exclusively to delegates within your organisation, we can tailor the content to focus on change and challenges relevant to your business and your team.
- ✔ **Flexible Delivery Style** - We can deliver this training as an in-person, classroom style course (where we come to your location), or by live, virtual classroom training.
- ✔ **Consistent Skills and Action Plans** - This workshop is a truly efficient way to equip your team with a consistent set of skills and action plans targeted on making a positive impact on your business.
